ALLOWANCE

Claim Rejections - 35 USC § 112

1. The rejection under 35 USC 112 is withdrawn due to Applicant's amendment of 18 April 2006.

Allowable Subject Matter

2. Claims 1-10, 12 and 13 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art neither anticipates nor renders obvious a toolhead for a multi-axis machine tool as claimed in independent claim 1, specifically wherein the combination of limitations includes an auxillary housing mounted rotatably to the tool-holder and associated rigidly with said tool-holder in the axial direction, wherein the stop cage element is mounted slideably to the auxillary housing.

The closest prior art is US Pat. No. 5,123,789 (Ohtani et al., hereafter '789) as is discussed in detail in the previous office action.

Applicant's amendment and arguments as to the prior art were persuasive and overcome the previous rejection under '789.

'789 does not disclose an auxillary housing mounted rotatably to the tool-holder and associated rigidly with said tool-holder in the axial direction, wherein the stop cage element is mounted slideably to the auxillary housing. Therefore '789 does not anticipate the claimed invention of independent claim 1.

Furthermore, there is no prior art, either alone or in combination with '789 that would render obvious the claimed invention, and no motivation found to modify '789 to obtain the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
